# 2010 DATA CHANGES ALERT
# Updated Version 1.6.1 of the Hematopoietic Database and Coding Manual Now Available

Version 1.6.1 of the Hematopoietic DB and the embedded Hematopoietic Manual are now available on the SEER website at: http://seer.cancer.gov/tools/heme/index.html

This version corrected a bug in the search algorithm that caused certain searches to display incorrect matches.  There are no changes to the data or manual with this release.

October 25, 2010                                    California Cancer Registry
